

Change in top management and shareholders of NKE Marine Electronics

Since 30 years NKE Marine Electronics has been developing innovative instrument systems dedicated to navigation and performance. NKE Marine Electronics is rooted within the Morbihan-Bretagne economic and industrial landscape.

Thanks to the trust of and collaboration with its customers and partners and the commitment of the teams, NKE Marine Electronics has become one of the leading manufacturers in its market segment.

After 15 years at the helm, Jean-Claude Le Bleis has handed over NKE Marine Electronics to Alain Boschet and local private equity partners*. Alain Boschet is the majority shareholder and will serve as the CEO.

The ambition of the company is to maintain the focus on the R&D -the company's DNA- and to accelerate its international development based on the fundamentals that have made the success of NKE Marine Electronics: innovation, reliability and the competence and excellence of the team.

With new products launches in 2021, the company will continue to anticipate and respond to our customer's needs.

NKE Marine Electronics will honor all engagements towards our clients now and in the future
